Motion carried unanimously.

COMMENTS:

Commissioner Irey commented on the letter Mr. Stark read in the Public Comment portion of the meeting.

Commissioner Irey noted these four points in the formation of the Airport Advisory Board:

- 1). It was originally suggested at the exit meeting of the Airport Study Commission that there be a nine member board but after discussions at that meeting the recommendation went to fifteen members with no objections.
- 2). The Board would report to the Planning Commission director and the Board of Commissioners. She noted all advisory boards have direct access to report to the Commissioners but they use the director of the organization under them, which would be the Planning Commission, as a liaison.
- 3). Regarding members of the board having an aviation background, it was noted five members appointed to the board do have aviation backgrounds. Other members appointed have diverse backgrounds and qualifications because the board would be involved with economic development of the airport.
- 4). The concept of forming the advisory board has been discussed for almost a year.

Commissioner Irey thanked Mr. Stark for his statements and noted the Resolution adopted today will address the concerns of everyone involved with the Airport Advisory Board.
