PUBLIC COMMENTS

Ben Coleman, of Cecil Township, expressed his concerns over the loss of revenues in the Washington County area. Mr. Coleman stated the Board should consider looking into ways to bring revenues to the area through tourism activities and possibly the passage of slot machines in the state.

Also, Mr. Coleman informed the Board of a situation regarding the veterans van that was suppose to pick up a patient to take to Pittsburgh for an appointment and never showed up.

The Commissioners requested George Krcelich, Director of Human Services, look into this matter and report back to the Board.

Chairman Bevec mentioned to Charlie Keenan, of Blaine Township, he spoke to Representative Pete Dailey and is waiting for the House Bill number from Mr. Dailey but as of this date has not received that information.

Mr. Keenan stated his concerns regarding the land swap deal in the McGuffey School District. Mr. Keenan noted if the land deal goes through as planned, Blaine Township would become non-existent.

Mr. Keenan questioned if it would be possible to obtain a copy of the land swap deal between Washington County Council on Economic Development and the State Game Commission. Mr. Keenan also questioned the timber rights in Hanover Township.

Solicitor DiSalle told Mr. Keenan that Max Morgan of WCCED is handling all the negotiations with the Game Commission and the Commissioners have not been a part of those negotiations.

Commissioner Irey questioned Judge DiSalle if it would be appropriate for the Board to request a statement from WCCED as to where they are at in the negotiations and what is being discussed that could be released.

Judge DiSalle noted the Board could request a status report.

Commissioner Irey informed Mr. Keenan the Board would send a letter to Mr. Morgan requesting a status report on the land swap deal that can be made public by the next Commissioners' meeting on June 20th.

Chief Clerk presented to the Board for their consideration and approval the interest arbitration award between the County and the Deputy Sheriff's Association for the period of January 1, 2002 through December 31, 2004.

COMMENTS:

Commissioner Burns stated before he votes on this item, he felt compelled to share with the public some deep concerns regarding this item. Commissioner Burns stated when negotiations began, which the Board was a part of, the County gave the union its best offer but the deputies felt they were grossly underpaid, therefore, the negotiations went into arbitration. Mr. Burns explained he did some research on the matter, surveying other fourth class counties and some police departments for salary comparisons. He pointed out the county was offering approximately \$1.00 an hour less in wages. Commissioner Burns stated as a result of the arbitrator's ruling, the County is now mandated to pay wages that are probably two or three dollars an hour more than what he thought was a generous offer at that point in time. Commissioner Burns pointed out the fact that his colleagues did not follow his suggestion or respond to his survey. Commissioner Burns noted the arbitrator's decision may cost the taxpayers in excess of \$250,000.00 per year.

Commissioner Irely noted she did review Commissioner Burn's survey along with a survey from Human Resources and supported the survey and suggestions from the Human Resources director.

Chairman Bevec stated the reason he did not discuss this matter with his colleague was because there was a direct link of the management staff in the Sheriff's Office to the bargaining unit which is not a good negotiation procedure and that is not productive to the citizens of Washington County. Therefore, the Board did what it needed to do to be fiscally responsible in addressing the negotiations.

Moved by Mrs. Irely, seconded by Mr. Burns, approving the foregoing interest arbitration award between the County and the Deputy Sheriff's Association.
